1934 PRICES!

BETTER FRUITS *and* FLOWERS

Nursery stock is not as plentiful as it has been—particularly fruit trees. Prices must advance! Sears contracts, made before recent price increases, still enable us to quote prices that save you money *without sacrificing quality*. NOW IS THE TIME TO BUY! You may never again see such low prices as these! At our present prices your investment in Fruit Trees or Berries should yield you excellent dividend-paying crops for years to come. *All Sears varieties are especially adapted for Texas planting.*

Notice—Write our Dallas mail order house for the latest prices on Cotton and Corn Seed or on any nursery items not listed in this catalog.

All Our Nursery Stock is—

- 1 Shipped direct to you from nursery near Dallas.
- 2 Guaranteed to reach you alive and in good condition.
- 3 Guaranteed true to name.
- 4 Certified by Department of Agriculture.

GUARANTEE: We guarantee our nursery stock seeds, bulbs and plants true to name, with the explicit understanding that should any prove not true to name, we will return the money paid or replace it with other stock. We are not liable for damage beyond this. If any stock is damaged in transit or unsatisfactory for any reason whatever, notify us within fifteen days and we will replace the stock or return your money.

**NOTE
THE STRONG
ROOT
SYSTEMS**

Pear Trees

Next to Peaches, Pears are the most extensively planted in the State. Plant 20 to 25 feet apart.

Bartlett: Large, rich flavor and buttery.
Kleffer: Fine for cooking, canning and market. Large yellow.
Duchess: Juicy, excellent flavor. Large.
Leconte: Flesh white, juicy and firm.
Pineapple: Perhaps the most valuable for extreme southwest. Practically blightproof.
Seckel: Commonly called the "Sugar" pear. Delicious sweet flavor. September.

State Variety Wanted. Not Prepaid.

Shipping weights below.

Cat. No.	Size, Feet	Each	Five	Ten
71 X 122	2 to 3	25c	\$1.19	\$2.25
71 X 123	3 to 4	35c	1.55	2.89
71 X 124	4 to 6	42c	1.95	3.69

Plum Trees

Plums are easy to grow; bear early and yield heavily. Set 18 feet apart.

America: Large, yellow, fine for cooking.
Abundance: Good size; flesh yellow.
Burbank: Large; greenish yellow.
Gold: Yellow with some red; large.
Satsuma: Purplish red; firm, good size.
Wild Goose: Large; deep red; native plum.
Shiro: Yellow; of a delicious flavor.
Gonzales: Large. Fine flavor. Good shipper.
Wickson: Large dark red plum of fine quality.
Bruce: Does well practically anywhere in the state. Large red, early, fine flavor.
Compass: Cross between cherry and plum. Red fruit of good size and flavor.

Buy Before Prices Advance

Nursery stock is not as plentiful as it has been. Prices are going up! Sears contracts with reliable Nurserymen, made early—before price advances—enable us to save you more than usual. We firmly believe that you will never again see prices for quality stock as low as they are in this book. Now is the time to buy.

PEACH TREES

Plant Peach Trees Now

The best paying fruit crop of the South. A peach orchard, over a period of years, will average a better income than any crop we know of. This is the year to plant a young orchard. Young trees are not as plentiful as they have been and we anticipate higher prices. Buy now while prices are still low. Set Peach trees 18 feet apart.

Alexander: Large; red; sweet and juicy. Ripens in May.

Mayflower: Earliest peach. Ripens in May. Fruit medium size, freestone, red.

Early Wheeler: Best peach for early market. Ripens last of May.

Honey: Medium size; flesh creamy white, juicy. Ripens in May. Suitable for planting in the Gulf Coast region.

Mamie Ross: Large white and red semi-cling. Ripens in June.

Governor Hogg: Large white, semi-cling with blush; tender, juicy, highly flavored. Ripens in June.

Early Elberta (Freestone): Very large; few days earlier than Elberta. Ripens about July 10.

Elberta: The most popular variety. Standard for either shipping or canning. Bears regular and heavy crops in large yellow freestone fruit, ripening in July.

Elberta Cling: Similar to Elberta, except a cling. Large yellow, fine flavor. Ripens a few days later than the Elberta.

Texan: One of the finest eating peaches ever grown. Juicy, sweet and of delicious flavor. Too thin a skin to ship well. Ripens early in July.

General Lee (Cling): Sure and prolific. Large, round; skin creamy white mottled with red. Flesh white with red stone. Flavor pleasant sub-acid. Should be in every orchard. Ripens in July.

Indian Cling: Dark brown cling with deep red veins; flesh dark red; juicy. Ripens in August.

Belle of Georgia (Freestone): Very large in size, golden yellow. Ripens about August 10 to 15.

Henrietta: A deep yellow cling with reddish markings. Extra fine quality. Ripens in September.

Stinson: One of the best late peaches. Large, white with red cheeks. Cling. Ripens late in September.

State Variety Wanted. Not Prepaid. Shpg. wts. below.

Catalog No.	Size, Feet	Each	Five	Ten

71 X 113	3 to 4	25c	1.18	2.23
71 X 114	4 to 6	33c	1.49	2.75

Apricot Trees

The Apricot is one of the most delicious and richly flavored fruits. The demand for Apricots is constantly growing. Bears early; should be set about 18 feet apart.

Cluster: Fruit yellow, rich and juicy.

Moorepark: One of the largest; orange red, juicy; rich flavor. June.

Brady: Originated in West Texas and especially valuable for that section; quality excellent. Ripens last of May.

Early Golden: One of the finest early apricots.

Apple Trees

The best varieties for growing in Texas. Set 30 to 40 feet apart.

Delicious: Large, handsome, late-fall. One of the most widely planted varieties.

Red June: One of the best early apples. Ripens in summer.

Texas Red: Excellent quality summer apple for Texas; abundant bearer.

Early Harvest: Medium size; pale yellow, juicy, slightly acid. May and June.

Arkansas Black: Dark Red. Flesh fine grained and juicy. Keeps well. Tree a vigorous grower and comes into bearing quite young. State Variety Wanted. Not Prepaid.

Fruit Trees for Best Results!

Cherry Trees

Cherry trees around the home are ornamental as well as useful. Sweet cherries should be planted near other cherry trees for pollinization. Plant cherry trees 20 feet apart.

Early Richmond: Sour; dark red; juicy; rich acid flavor; best early sour cherry. Ripens in May.

Montmorency: Sour; large; red; ripening ten days after Early Richmond, slow grower, but prolific. Valuable sour cherry.

Governor Wood: Sweet; an old favorite; fruit large, sweet and juicy; light yellow flaked with red.

Black Tartarian: Sweet; black; juicy; excellent flavor. Ripens in May.

Not Prepaid. See opposite Page for shpg. wts.

Buy Figs Now

Every home should have a few Fig trees. They bear early, usually the first year; very prolific; do better if planted on south side of house, barn or board fence. Buy now, while prices are low.

Magnolia: Fruit very large, sweet and rich. Ripens June until frost.

Brown Turkey: Large; color brownish purple; fruit very sweet; harder than Magnolia. Begins to ripen last of June.

Celestial: Probably the sweetest of all figs. Small brown. Fruit begins to ripen in midseason. Hardy and prolific.

Shpg. wts.: 18 to 24-in. trees, each, 1 lb. 8 oz.; 2 to 3-ft. trees, each, 2 lbs.; 3 to 4-ft. trees, each, 2 lbs. 8 oz. Not Prepaid.

71 X 173	3 to 4 ft.	47c	2.19	3.98

Mulberries

Mulberries are too well known to growers of the Southwest to need description. If you raise chickens, be sure to plant a few Mulberry trees.

Hicks Everbearing: Fine grower; bears profusely.

English: Large black; excellent quality; earlier than Hicks.

Shpg. wts.: 3 to 4-ft. trees, each, 2 lbs.; 4 to 5-ft. trees, each, 2 lbs. 8 oz. Not Prepaid.

NUT TREES

Pecans

Pecans make good shade trees and also produce profitable crops of delicious nuts. Does well on either bottom or upland soil, provided the drainage is good and the soil is reasonably deep. We dig our trees with all the tap roots.

Eastern Varieties
Adapted for planting east of Dallas.

Success: Good grower; large nut; thin shell, plump kernel, fine flavor.

Stuart: Upright grower; prolific, large nut, medium thin shell; splendid quality.

Schley: Thin shelled

nuts; well filled with kernel of good quality.

Delmas: Large to very large; shell moderately thin; kernel plump; excellent flavor; very prolific.

Not Prepaid. Shipping weights below. State Variety.

71 X 303	3 to 4	98c	4.69	8.95

Western Varieties of Pecans

Adapted for planting west of Dallas. Higher in price on account of the difficulty of propagating them. However, in the drier portions of the state the results will amply justify the difference in cost.

Burkett: One of the best varieties for West Texas. Medium size; well filled Nuts. Good flavor and very prolific.

Halbert: A good tree for black, waxy land. Should not be set in East Texas; very early, prolific bearer. Medium size nuts, very thin shell and excellent flavor. Not Prepaid. Shipping weights below.

These ROSE BUSHES will BLOOM This SUMMER

Red Roses

Red Radiance: One of the best for the garden. Lovely, shapely buds.
American Beauty: Queen of all roses. Very double.
Etoile de France: Velvety red cup. Center of vivid cerise.
Hadley: Flowers large and very fragrant. Buds long and shapely.
Francis Scott Key: Named in honor of the author of "The Star Spangled Banner."
Sensation: Great large buds of scarlet crimson shaded with maroon.
Mme. Edouard Herriot: Red shaded with yellow at the base. A wonderful color effect.
Helen Gould: Long beautiful buds; brilliant watermelon red shade.
Souvenir de Georges Pernet: A rose of astonishing size and beauty. Glorious deep orange pink.

Pink Roses

Pink Radiance: Brilliant rosy pink, a constant bloomer.
La France: Silvery pink; a favorite for cut flowers.
Paul Neyron: Bright rosy pink, extremely large.
Los Angeles: Flaming pink, toned with yellow.
J. J. L. Mock: Deep carmine pink petals on outside with frosty pink on inside.
Columbia: Its size and substance make it a very desirable cut flower.
Caroline Testout: Bright satiny rose flowers with a deeper tint in the center.
Shell Radiance: Shell pink.
Pink Cochet: Strong grower; profuse bloomer.
Premier: Blooms on almost thornless stems. A desirable cut flower variety.

White and Yellow Roses

Lady Hillingdon: Yellow, fragrant; best yellow rose.
Sunburst: Orange copper and yellow.
Alexander Hill Gray: Deep lemon yellow; fragrant.
Mrs. Aaron Ward: A golden orange shading to a pinkish fawn on the edges.
Souvenir de Claudius Pernet: Large blooms of sunflower yellow.
Golden Ophelia: Golden yellow.
White Cochet: Creamy white.
White American Beauty (Druschki): White, extra large.
K. A. Victoria: Lovely white buds.
Luxemburg: Orange yellow.
President Hoover: Combines old gold, yellow, flame and scarlet. A magnificent variety.
Talisman: A marvelous mixture of scarlet and yellow in the one flower.

Beautiful Climbing Roses

Climbing American Beauty: Climbing form of the bush type.
Marechal Niel: Best known and most popular variety in the south. Beautiful yellow flowers.
Paul's Scarlet Climber: The best scarlet climber.
Climbing Lady Hillingdon: An ever-blooming yellow variety.
Crimson Rambler: Popular climber. Grows 10 to 15 feet the first season.
Pink Killarney: An everblooming, free flowering type.
Climbing Kaiserin A. Victoria: A creamy white climber.
Climbing Columbia: Remarkably fast growing climber, bears continuously; pink, very fragrant.
Climbing Meteor: Often grows 10 to 15 feet a season; crimson.

"Your Vegetable Plants Stood the Drought Fine" Says Sears Customer

FROST PROOF CABBAGE PLANTS

200 Plants Only 52c

Certified Onion Plants

Strong, Sturdy, and Healthy

Grown from pure Canary Island Seed on new land and guaranteed to be free from disease. All plants are inspected and certified by State Inspectors. Grow onions this easy way. You can get a much earlier crop with Sears plants than you can with either seed or sets. Try one-quarter acre and have some money coming in early. 1/4 acre requires 10,000 plants set 3 in. apart in rows, and rows 3 ft. apart. Crate lots shipped from SOUTH TEXAS, from which point you pay express charges. Express charges on crate lots average about 60c to points in territory served by our Dallas store. Less than crate lots are shipped from DALLAS store by Parcel Post. Not Prepaid.

Notice: Onion plants are tied in bundles of approximately 100 plants. Bundles may vary slightly, some containing a few less than 100 plants and some a few more.

Crystal Wax Bermuda

The favorite Bermuda onion. Brings good market prices because of its color.

71 X 700—Per 5 bundles, (approximately 500 plants) 45c

Shpg. wt., 6 lbs.

71 XM 707—6,000 plants (1 crate). Shipped by Express. Shpg. wt., 35 lbs. \$2.98

Not Prepaid.

Fresh Dug Plants

Strawberry plants produce large crops quickly and Texas grown fruit brings big prices in the Northern Markets.

Standard Varieties

Blakemore: This new outstanding early bearer was originated at the U. S. Plant Field Station and is highly recommended to southern growers. Large, bright red berries.

Excelsior: Berries deep dark red, very glossy and attractive. The earliest spring bearing strawberry grown.

Lady Thompson: The money making strawberry for the Southern States. Medium early.

Imp. Klondyke: One of the most largely grown varieties in the South. Berries ripen evenly and have good quality. Medium early.

Aroma: A late variety with a constantly widening field. The fruit of this variety is very large and bright red to the center.

Everbearing Varieties

Progressive: Strong large plants producing fruit of fine flavor and firm texture. One hundred plants will give enough berries throughout the season for the average family.

Mastodon: A great new berry. The largest and most productive of the everbearers. Sweet, highly flavored, and a good shipper.

State Variety Wanted. Shipped from nursery near Dallas. Not Prepaid. Shpg. wts.: 50 plants, 2 lbs.; 100 plants, 3 lbs.; 250 plants, 6 lbs.; 500 plants, 12 lbs.

It's Easy to Figure Parcel Post Charges

Add the shipping weights as given in the catalog descriptions of the articles you order, and change the ounces into full pounds (see table below).

In figuring postage on packages weighing more than one pound, the Postoffice figures a fraction of a pound as a full pound. For example: If the total weight of your order is 7 pounds 2 ounces, it will take the 8-pound rate.

Total Ounces	Takes rate for
9 oz. to 16 oz.....	1 lb.
17 oz. to 32 oz.....	2 lbs.
33 oz. to 48 oz.....	3 lbs.
49 oz. to 64 oz.....	4 lbs.
65 oz. to 80 oz.....	5 lbs.

and so on.

When you have the total weight of your order in pounds, and you know the zone (see map below) in which you live, refer to the table of rates below and you can immediately tell the amount of postage required to ship your order.

Increase your saving by sending larger orders, as the postage on several articles is often not much more than for one or two! For example, Postage on a 1-pound package to the 3rd zone is 9c; while postage on a 10-pound package to the 3rd zone is only 27c, less than 3c a pound.

Be Sure to Send Additional Money to Pay Postage

Charges for parcel post shipments must be paid in advance. Add the amount for postage to the cost of the merchandise and include it in your remittance. *We always return every penny you send over actual postage required.*

These Prices for Mail Orders Only!

The Low Prices in this Catalog are available only to customers who order *by mail*. Because of over-the-counter delivery, our retail store prices on this same merchandise are usually higher than Catalog prices.

IMPORTANT... Information Regarding Prices

Should the Federal Government or any State find it necessary to increase by taxes or otherwise the cost or selling price of any of the merchandise described in this Catalog, we reserve the right to add any such taxes or other increases of cost or selling price to the prices of the merchandise as shown in this Catalog.

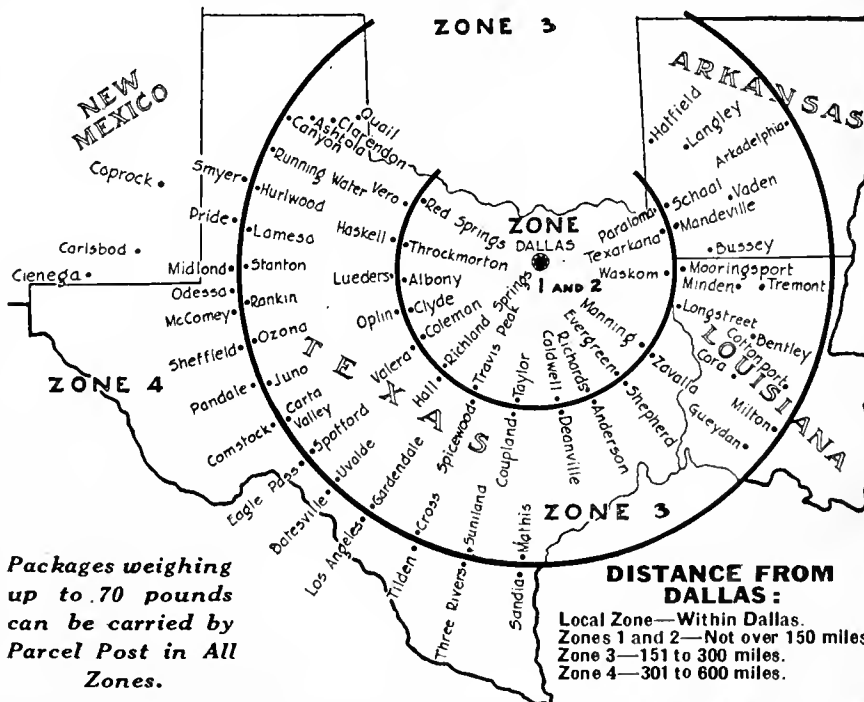

Parcel Post Rates

2 ounces or less.....1½c | 5 or 6 ounces.....4½c
3 or 4 ounces.....3c | 7 or 8 ounces.....6c

The above rates apply to any zone. Over 8 ounces and up to 1 pound (16 ounces) allow the 1-pound rate for your zone, according to following table of rates.

SHIPPING WEIGHT	LOCAL ZONE	ZONES 1 & 2	ZONE 3	ZONE 4
